THE WHITE HOUSE

McCone - Brief intelligence briefing

McN - Report on ground equipment  
authorized - 2 day flight  
of 8 planes each - 1 night flight  
planned - to be released at 4 PM  
if to be run -

Bell and Nitz - discussed the removal  
of Jupiter to Turkey because of  
press report that we have offered  
to exchange Turk missiles for Cuban  
missiles. This report is different  
from the private letter K to  
Kennedy of 10/26.

R Kennedy - Cuban bases must be  
removed promptly and negotiations  
cannot delay this - Turkey relates  
to security of Europe and USSR  
and this we can suggest

2) 10/27 -

THE WHITE HOUSE

This followed a long discussion  
of this communication from Khr-

1) to U Thant 2) to Kennedy 10/24

2) Kennedy 10/24 - all contradictory  
The latter firmly proposes the  
Turkish - Cuban good program.

Kennedy position we must insist  
work be stopped and this is  
the request to any talks.
